Request for Disability Services

Note: Luther College does not require students with disabilities to identify themselves. However, if a student wants to receive accommodations for their disability, they must identify themselves to the Disability Services Office (DSO). If a student qualifies for accommodations, the accommodations will be provided with no requirement for disclosure of information pertaining to the disability to other faculty and staff.

Please describe your disability, including how long you have been identified and interventions that have been successful in the past.

Please list the name(s)/title(s) of professionals that will be providing documentation of your disability. Note: information must be provided by appropriately certified/licensed personnel and must be less than three years old. Documentation should be provided using either the Disability Documentation form (on the web page) or in a separate report which addresses all the questions on that form.

Please outline accommodations you feel would assist you in having equal access to educational opportunities at Luther College.
