<th>Getting Started</th>
<th>Adjusting the Volume</th>
</tr>
</thead>
<tbody>
<tr>
<td>Use the Remote to power on the LCD Projector.</td>
<td>1. Turn the Volume knob on the amplifier.</td>
</tr>
<tr>
<td></td>
<td>2. No Audio from Podium? Check the Volume icon on the podium computer.</td>
</tr>
</tbody>
</table>

Using the Podium
1. Open the desk and power on the Podium computer.
2. Turn on the monitor (if necessary).
3. Log in with your Norse Key
   - It may be necessary to wait 30 - 60 seconds before logging in to allow the system to start all services and connect to the network.
4. To display on the LCD Projector, select PC on the Switch.

Using a Laptop
1. Locate and plug in the laptop video/audio cable.
2. Select Laptop on the Switch.
3. Start the laptop or press the LCD/CRT key (often FN+F8 on Windows laptops).

Using the VCR or DVD Player
1. Select Video on the LCD Remote.
2. Insert the VHS Tape or DVD into the machine.
3. Use the remote or buttons on the machine to control the video.

Shutting Down
1. Shut down the LCD Projector by pressing Standby on the LCD Remote twice.
2. Shutdown the Podium Workstation
3. Leave everything else powered on.
