STUDENT RESEARCH SYMPOSIUM
MAY 7, 2010

PAIDEIA I RESEARCH PRESENTATIONS

Since its beginning in 1977, Paideia I, our common first-year course, has included a research paper unit which culminates in a lengthy thesis-driven paper. Paideia sections focus on different historical periods, cultures, or issues, so students work on topics as varied as "Medieval England" and "Torture and Terrorism." College librarians work collaboratively with Paideia I faculty to help students explore search strategies, databases, web resources, reserve lists, scholarly monographs and articles, and primary sources.

During this year's Research Symposium, each of the 37 Paideia I sections is represented by a student presentation, in 12 different panels throughout the day.
