

Luther College has partnered with a company called *Flywire* to offer a streamlined way to make international tuition payments. *Flywire*'s mission is to save international students and their family's money that would otherwise be lost on bank fees or unfavorable foreign exchange rates. With *Flywire*, you can pay from any country and any bank. You are offered excellent foreign exchange rates, allowing you to pay in your home currency (in most cases) and save a significant amount of money, as compared to traditional banks. In addition, the posting of the payment into your Luther College account will be faster, you will be able to track where your payment is in the transfer process via a student dashboard, and you will be notified via email when it is deposited into our account.

1. Select the country from which your funds will be coming (typically your home country)
  2. Enter the payment amount (in U.S. dollars) you wish to make to your student bill (Check your web statement of account if unsure)
  3. Provide basic information
  4. Visit with your bank (via phone, online, or in person) to send funds from your bank to *Flywire*
  5. *Flywire* will convert your money into US dollars and send to Luther College
  6. Luther College will credit your student account
  7. You will receive an email confirmation when you payment is deposited into Luther College's bank account.
- Through the *Flywire* student dashboard you will be able to track where in the transfer process your payment is.
  - No matter your time zone, *Flywire* has dedicated multilingual customer support team available to you—accessible 24/7 via chat, Skype, email, and phone to answer your questions.
  - In most cases, the U.S. dollar amount will be converted into your home currency at preferential exchange rates, which will translate into savings for you.
