

Student Health Information

Welcome to Luther College! The Office of Student Engagement is here to support you during your college experience. Maintaining health is a key ingredient to your experience at Luther. To support our students, the college offers the following:

- [Luther Clinic](#) - Partnership with Winneshiek Medical Center (WinnMed) for students
- [Counseling Service](#) – provides mental health service and support
- [Case Management](#) – coordinate efforts of all student life areas for support

In preparation of health care support, Luther College requires all students complete this student health evaluation form, immunization record and entrance physical examination (athletes only) as part of their admission process. All information on these pages is considered confidential and protected information. It has no effect on your admission status; however, failure to submit will result in a registration hold for subsequent semesters/terms.

REQUIRED HEALTH INFORMATION | DUE AUGUST 1

Student Health Evaluation Form

To be completed and signed by the student. Please be sure you have signed all consent sections. Electronic signatures will not be accepted.

Immunization Record

Students are required to provide immunization records. Students can submit their health provider's immunization record or use the immunization record provided in the Student Health Evaluation Form. If the student is unable to complete vaccinations before campus arrival, they are available at the Luther Clinic. The cost of the vaccine will be billed directly to the student.

HEALTH INSURANCE EXPECTATION

Luther College expects that all enrolled students have health insurance coverage. This expectation is in place for the protection of students. Luther students will access on-campus health care services provided by Winneshiek Medical Center through the Luther Clinic. If students choose to utilize the Luther Clinic for their health care needs, it is the responsibility of students/families to review their insurance plans before seeking care to determine if services will be in or out of network for their plan. *It is strongly recommended that students/families check their plan coverage before arriving on campus.* If a student's insurance plan denies the claim for services provided through the Luther Clinic as out of network, WinnMed will work with students on a discounted rate that will be the student's responsibility. Students/families that have additional questions after consulting with their health insurance provider may call WinnMed at 844-617-6990.

CONSIDERATIONS FOR CAMPUS LIVING

Before you move on campus

- Plan to complete required and recommended **immunizations** before moving to campus.
 - The Meningitis B vaccine is also strongly recommended for all college students. Please discuss meningitis vaccination with your health care provider.
- Make a **dental appointment** or **eye care appointment** as needed.
- If you are currently under the care of a physician, discuss **continued care with the Luther Clinic**.
- Know your **family health history**; you will need this information when/if you seek medical care.
- Discuss with your parent/family how you will **share information regarding health care** needs, treatment and billing. *Information about students who are 18 or over cannot be shared with parents without written consent of the student. Keep in mind that medical bills/statements will be in the student's name; including those from the Luther Clinic.*

Items to have on campus

- **Health Care Kit** (first aid supplies, tweezers, over-the-counter pain medications, cough drops, etc.)
- Copy of your current **health insurance card**. This information will be needed should you require health care or to obtain prescribed medication at a local pharmacy.
- Copies of your **prescriptions** (medications, eye glasses/contacts)
- Copies of submitted Luther health forms.

Questions about the Student Health Evaluation Form and Immunization Record may be directed to the Office of Student Engagement; 563-387-1020 or students@luther.edu

Student Health Evaluation Form

Luther College **requires** all students complete this health evaluation form and submit complete immunization records as part of their admission process. All information on these pages is considered confidential and protected information and has no effect on your admission status.

Please submit this completed form prior to August 1 using Norse Hub at norsehub.luther.edu. For instructions, go to <https://www.luther.edu/offices/its/help-desk/services/software/norsehub>

CONFIDENTIAL SHARING AGREEMENT AND CONSENT FOR TREATMENT

The college assures that medical information will be regarded as confidential and shared only as necessary for the student's immediate safety. The Office of Student Engagement will not release medical information to parents unless the student signs a separate release of information specific to each illness/incident.

If a serious illness or accident should occur, and there is concern for the student's safety, every effort will be made to contact parents or guardian. However, in the event that delay in medical or surgical treatment may be detrimental to the health of the student, authorization for consultation and treatment by area physicians is requested. Luther College recognizes the importance of cooperating with the student's family physician, clinic, or hospital in providing health care while the student is enrolled in college. In order to secure or exchange health information, it is necessary to have the permission of the student or parent/guardian if the student is under 18. On occasion, information regarding physical or mental health status of a student may be shared with the student engagement or counseling staff if there is a concern for the student's immediate safety or the safety of others. No information will be provided to faculty or work study supervisors without specific consent of the student.

Due to new federal regulations regarding confidentiality, additional consents regarding health information will need to be signed at the time the student is seen in the Luther Clinic.

Permission is hereby granted to share health information with my family physician, clinic, hospital, office of student engagement, or counseling service staff if there is a concern for my immediate safety or the safety of others.

TUBERCULOSIS SCREENING

In compliance with the American College Health Association's guidelines, Luther College requires TB screening and potential TB testing for all students that are identified as high risk.

Please answer the following questions;

	Yes/No
Have you ever had close contact with persons known or suspected to have active TB disease?	Y or N
Were you foreign-born from, or have traveled to an endemic region (Africa, Asia, Russia, Eastern Europe, Central or South America).	Y or N
Have you had frequent or prolonged visits* to one or more of the countries listed above with a high prevalence of TB disease?	Y or N
Have you been a resident and/or employee of high-risk congregate settings (e.g., correctional facilities, long-term care facilities, and homeless shelters)?	Y or N
Have you been a volunteer or health-care worker who served clients who are at increased risk for active TB disease?	Y or N
Have you ever been a member of any of the following groups that may have an increased incidence of latent M. tuberculosis infection or active TB disease – medically underserved, low-income, or abusing drugs or alcohol?	Y or N

If the answer to all of the above questions is NO, no further testing or further action is required.

If the answer is YES to any of the above questions, please visit <https://www2.luther.edu/health-service/forms/> to access the **TB Risk Assessment Form**. Luther College recommends that you schedule a visit with a health care provider to discuss TB testing and for completion of the TB Risk Assessment Form. This visit can be scheduled with your primary care provider at your home clinic or with a provider at the Luther Clinic when you arrive to campus.

* The significance of the travel exposure should be discussed with a health care provider and evaluated.

IMMUNIZATION RECORD – Please submit a complete record of immunizations from your health care provider, health department or high school. If you are unable to obtain a complete record, the Immunization Record should be completed by a health care provider or the Luther Clinic.

HEALTH CARE PROVIDER; please note: Measles, Mumps, and Rubella – Two doses required for all students born after December 31, 1956 with dose #1 given at age 12 months or later and dose #2 given at least 28 days after first dose. Lab titers can be done for Rubeola if immunity is questioned.

Immunization Exemption

Luther College will only consider exemptions after consultation with the student, their medical provider and our Medical Director. The student must also complete and include an immunization waiver form: <https://www2.luther.edu/health-service/forms/> if unable to meet required immunizations due to medical contraindications.
