

# Welcome to the Nursing Major!

February 24, 2022

Please scan to sign in!

# What Medical Instrument Are You?

# Nursing School Quiz

This particular trait is key for successful registration in Fall Nursing courses.

- Having a “Nursing” Pinterest page
- Not fainting at the sight of blood
- Following directions & deadlines precisely
- Having a nurse in the family

And the answer is?

Welcome to our Advising workshop! February 2022

# What's different about this major?

- Nursing remains the most trusted profession in the country (19th year in a row - Gallup polling).
- Being trusted has to do with “professionalism”
- Heavy “interface” with the public and with healthcare institutions

# What is professionalism?

The competence or skill required by a profession

Conduct, behavior, and attitude of someone in a work environment

Being reliable

Setting standards and meeting them

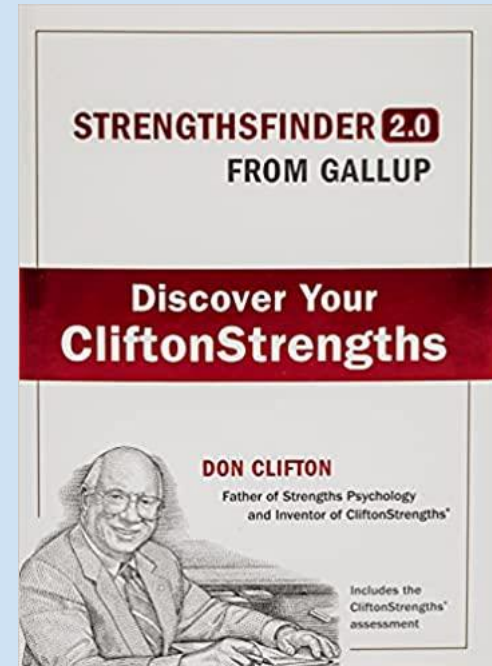

# Nursing Department Perspective

- Read and respond to e-mail correspondence within 24 hours
- Respond to read receipt if requested
- Organize required documentation
- Develop systems of reminders for requirements (CPR certification, immunizations, etc.)
- Conduct requirements (background check)

# Your Leadership in Nursing

- StrengthsFinder throughout the nursing curriculum
  - First week of sophomore classes
  - If you aren't in HP 100 this year, we will send you access to strengthsfinder

# Onboarding into the Nursing Major

Time Management Tips

# Other Registration/Onboarding Process

- [Additional Fees](#) for the Nursing Major
- UNIFORMS
  - Name tags
- Rochester Housing for 2023-2024

# Scheduling Considerations

1. AP credit/transcripts
2. Work with Financial Services as needed
3. Do you plan on taking a **summer course**?
  - a. Notify your advisor
  - b. Complete, submit to advisor
  - c. Emailed approval by Registrar: Then you can register for your summer course
  - d. Submit official transcript once summer course is complete from the school's registrar to Luther's Registrar

Transfer Course Approval Form

# **It's really important to follow directions to get the schedule you hope for!**

- You will have an opportunity to “trade” with a fellow student, please be watching emails for a “trade board”
- Should you be in the very small minority of students not taking all Nursing courses - please know that **ONLY** your advisor can ask that you be admitted into an over-filled course. Contact your advisor if you need to be placed in an over-filled class.

# Science 240: Pathophysiology

This textbook: Capriotti & Frizzell: Pathophysiology Introductory Concepts and Clinical Perspectives 2nd ed. (2020) comes with a (very cool) award-winning online personalized learning plan package that requires an access code.

- MUST purchase new (unused) textbook to get **access code**
- Can NOT rent or purchase used copies

Also will purchase “NurseThink Notebook” App

What is your Nurse Superpower?
