

Registration Information

J-Term and Spring 2025

- Registration will be held November 12th, 13th, and 19th, beginning at 5:15 each evening.
- NorseHub.luther.edu will be used for J-Term and Spring 2025 registration. Instructions for using Norse Hub are available on the [Registration Information Webpage](#).
- Your registration date and time become viewable in Norse Hub when courses for the upcoming term are added to your J-Term or Spring 2025 course plan.
- **BEFORE** your registration date, check to see if you have registration holds by logging into [Norse Hub](#) and clicking on the “Registration Clearance” tile at the bottom of the home page. The Registration Clearance page will tell you if you have any tasks to complete before registration such as entering emergency/missing person contacts, accepting required agreements, and clearing holds with college offices. Additional information about holds and how to resolve them can be found [here](#). **Unresolved holds will prevent your ability to register.**
- Your advisor must grant you clearance before you can register. This typically happens after you have met with your advisor about your J-Term and Spring 2025 plans/schedule. In Norse Hub, click on **Academics (Graduation Hat icon)**, then **Student Planning**, then **Plan & Schedule**. A notification will appear in the upper right-hand corner of your screen if your advisor has not cleared you.
- If you are unsure who your advisor is: In Norse Hub, click on **Academics (Graduation Hat icon)**, then **Student Planning**, then **Plan & Schedule**, then **Advising**.
- In Norse Hub, “My Progress” will show you what you have left to complete for your degree. Click on **Academics (Graduation Hat icon)**, then **Student Planning**, then **My Progress**. If you have any questions, please contact your advisor. Check “My Progress” before and after you register to make sure the courses you’ve selected are fulfilling the requirements you think they should fulfill and that your courses are in REGISTERED (not PLANNED) status after you’ve completed your registration.
- Credits in excess of 36 hours for the year will be assessed an additional charge in the Spring semester. Please see [extra credit hour charges](#) or contact the Financial Services office for more information. Review your course load to identify the possibility of extra credit charges being assessed in the Spring semester.
- **Process for Courses Requiring Instructor Consent:** To register for most courses that require instructor consent, contact the instructor to request that you be granted their consent to take the course. Once they grant consent for the course in Norse Hub, you will be able to add the course at or after your assigned registration time, provided there are no other holds that would prevent your ability to register.
- You may register using any computer that has Internet access. If a course you want is closed, select something else or contact your Advisor (not the instructor). After you have registered, please log out and close the browser window, especially if you are using a lab or public computer. You can make changes to your schedule via Norse Hub through the last day to add a class for the Fall semester or 7-week session.

- The following information can be found on the [Registrar's office website](#):
 - Basic Registration Instructions for NorseHub.luther.edu
 - Calendar of Important Dates
 - Various registration forms (audit, credit/no credit authorization, over 17 hours, etc.)
