

the luther promise

HIGH-IMPACT EDUCATION

**FOUR-YEAR
GUARANTEE**

9 in 10

students expressed satisfaction with their overall experience.

**AFFORDABLE
DEGREE**

\$50 M

is the approximate amount of financial aid that Luther gives students annually.

**EXPERIENTIAL
LEARNING**

99%

of students participated in 2+ high-impact practices by senior year.

—National Survey of Student Engagement

**CAREER
PREPAREDNESS**

#1

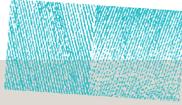

in career preparation among Associated Colleges of the Midwest (ACM) schools

—Wall Street Journal/College Pulse (2025)

How do we do this? Through close faculty mentorship, collaborative learning, and experiences that extend beyond the classroom, you'll join a community that challenges and supports you every step of the way.

A full explanation of the Luther Promise, including the eligibility criteria, terms, and conditions, are at **LUTHER.EDU/PROMISE**.

**LUTHER
COLLEGE**®

At Luther College, we make it possible for students to achieve their personal dreams and professional goals.
The four commitments of the Luther Promise show our strategic, purpose-driven investment in every student's future.

1

You will complete your degree in eight semesters—or we pay for the ninth semester!

We help you achieve your dreams.

- Declare a major by the end of your fourth semester.
- Maintain satisfactory academic progress toward that major and the core curriculum, with at least 12 credits each semester.
- For more details, terms, and conditions of the Four-Year Guarantee, go to [Luther.edu/Promise](https://luther.edu/Promise).

2

Luther will invest a minimum of \$120,000 in scholarship aid over four years for each incoming Luther student.

Affordability is a promise.

- \$48,233 was the average total gift aid for first-year, need-based students in fall 2025.
- Impact Award and Herseth Award recipients receive full tuition awards.
- Luther College is recognized as one of the nation's best private schools for financial aid ("25 Private Schools with Generous Financial Aid," *Forbes*, 2025).

3

Before graduating, you will apply your liberal arts classroom learning in the real world.

Experiential learning is at our core.

- As part of our core curriculum, all students learn outside the traditional classroom setting and reflect on that experience to inform their personal and vocational discernment.
- 99% of Luther seniors report participating in two or more of these high-impact practices: research with faculty, study abroad, culminating senior experience, internship or field experience, service learning (National Survey of Student Engagement, 2024).

4

By graduation, you will be prepared for what is next.

Luther is #1 in career preparation among peers.
—*Wall Street Journal/College Pulse 2025, Associated Colleges of the Midwest*

- 97% of 2024 Luther College grads were working, doing service work, or enrolled in graduate degree programs within eight months of graduation.
- Luther's holistic advising program encompasses the student success team, orientation leaders, career coaches, student life mentors, faculty, athletic coaches, and alumni.
