REQUIRED IMMUNIZATIONS

Luther College **requires** all students to submit their immunization records (or waiver of exemption) as part of their admission process. **Use this form If you do not already have a complete record of immunization from your health care provider, health department or high school.**

Please note: Measles, Mumps, and Rubella – Two doses required for all students born after December 31, 1956, with dose #1 given at age 12 months or later and dose #2 given at least 28 days after first dose. Lab titers can be done for Rubeola if immunity is questioned.

MMR (Measles, Mumps, Rubella)	month/day/year
Dose #1	
Dose #2	

POLIO *primary series dates*	month/day/year
Dose #1	
Dose #2	
Dose #3	
Dose #4	

Meningococcal A, C, W, Y *2 doses required if dose #1 given before age 16*	month/day/year
Dose #1	
Dose #2	

TD or Tdap *within 10 years* *Which received? Please circle TD or Tdap*	month/day/year
Dose #1	
Dose #2	
Dose #3	
Dose #4	
Dose #5	

DPT/DTaP (Diphtheria, Tetanus, Pertussis) *primary series dates*	month/day/year
Dose #1	
Dose #2	
Dose #3	
Dose #4	

RECOMMENDED IMMUNIZATIONS

Although not required, it is recommended that students be vaccinated against: Hepatitis B, Hepatitis A, Varicella, Influenza, HPV, Typhoid, Meningococcal B, and COVID-19. If you have documentation of these, you are encouraged to provide a copy in addition to the required immunizations.

Immunization Exemption for Medical or Religious Reasons

For *medical or religious exemption*, separate documentation must be provided. These certificate forms can be found on the IDPH website (https://hhs.iowa.gov/public-health/immunization) or request one from your health care provider.

TUBERCULOSIS SCREENING REQUIREMENTS – DOMESTIC STUDENTS

In compliance with the American College Health Association's guidelines, Luther College requires TB screening and potential TB testing for all students who are identified as high risk.

Please consider the following questions to determine your risk:

1. Have you ever had close contact with persons known or suspected to have active TB disease?
2. Were you born or have lived (more than 8 weeks) in an endemic region (Africa, Asia, Russia, Eastern Europe, Central or South America)?
3. Have you had frequent or prolonged visits* to one or more of the countries listed above with a high prevalence of TB disease?
   **The significance of the travel exposure should be discussed with a health care provider and evaluated.*
4. Have you been a resident and/or employee of high-risk congregate settings (e.g., correctional facilities, long-term care facilities, and homeless shelters)?
5. Have you been a volunteer or health-care worker who served clients who are at increased risk for active TB disease?
6. Have you ever been a member of any of the following groups that may have an increased incidence of latent M. tuberculosis infection or active TB disease – medically underserved, low-income, or abusing drugs or alcohol?

If the answer to all of the above questions is **NO**, no further testing or action is required.

If the answer is **YES** to any of the above questions, please visit https://www.luther.edu/offices/student-life/wellness/health-counseling-services to access the **Tuberculosis (TB) Risk Assessment Form**. Luther College recommends that you schedule a visit with a health care provider to discuss TB testing and for completion of the TB Risk Assessment Form.

TUBERCULOSIS SCREENING REQUIREMENTS – INTERNATIONAL STUDENTS

Upon arrival to campus, all international students will receive a TB test from the Luther Clinic.
